Guitars and Gadgets

The following items are for sale. Please contact us at ygr@ygrbooks.ch for further details, more pictures or if you should have any questions.

The guitars are mostly in excellent to mint condition, were stored in adequate surroundings and were bought by us when new with few exceptions. All of them are in their original condition – so no irreversible changes were made – and they come with their original cases if they had one to start with.

We will not ship the guitars overseas as we have made rather negative experiences.

The gadgets all work and have been kept well over the years. In 2023 we bought a collection of guitars and gadgets, which is featured in part B of this catalogue
