The records and their sleeves offered here for sale are generally in Excellent/Excellent (8/10) condition, i.e. they have been played and handled, but carefully so. We will gladly give details of any record on request. Also, should any record or its sleeve not meet your criteria, we will reimburse you in full.

The records have always been carefully stored: vertically and away from the sun or any other source of heat.

All the sleeves have been protected in transparent covers from the day they were bought. The records have our name, (place) and date of acquisition on the inside of the sleeves – never touching any of the original artwork.

Records marked in **Red** have been sold.
