From *Bomp!* to *ZigZag* – Vintage Music Magazines

All magazines are First Editions, First Printings, unless otherwise indicated. Payment in Swiss Francs (CHF) into our Swiss bank account is preferred. All magazines remain the property of the seller until paid for in full. Postage is extra.

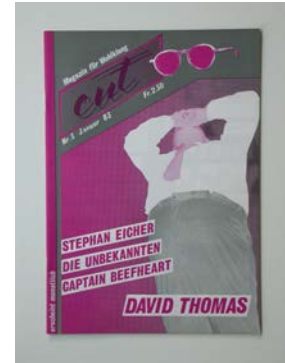

This catalogue offers some of the most famous magazines on jazz, pop, rock, and psychedelic music.

The order of the catalogue is alphabetical by publication and then chronological.

Note on the condition: All magazines are complete and without any writing in them unless otherwise noted. Due to the browning of the paper of some of the issues the term “very good” has been applied to mean complete, covers intact with some faint creases, but ink weak and/or paper browning. Often these magazines are really closer to “near fine” in condition.
